Hostinger

- Skilled in both MERN stack and Java, with experience building web applications and software solutions using React, Node.js, Express.
- Continuously learning new skills and staying up-to-date with the latest industry trends and technologies.
- Hardworking, passionate, and a dedicated team player with excellent communication and collaboration skills.
- Seeking a challenging position in the field of information technology to apply my skills and knowledge, learn from experienced professionals, and grow my career.

Freelance Project

Achieved a 500% increase in client revenue by designing and developing a new website and improving the user experience, resulting in a significant impact on the client's business and enhanced visibility of their work.

Deepam Enginnering

<https://www.deepamengineering.in/>

Personal Projects -

Developed and deployed all these projects using MERN stack and other technologies, showcasing my learning skills and hosting them on platforms such as Netlify, CodeSandbox, and GitHub Pages.
